## Alma Mater

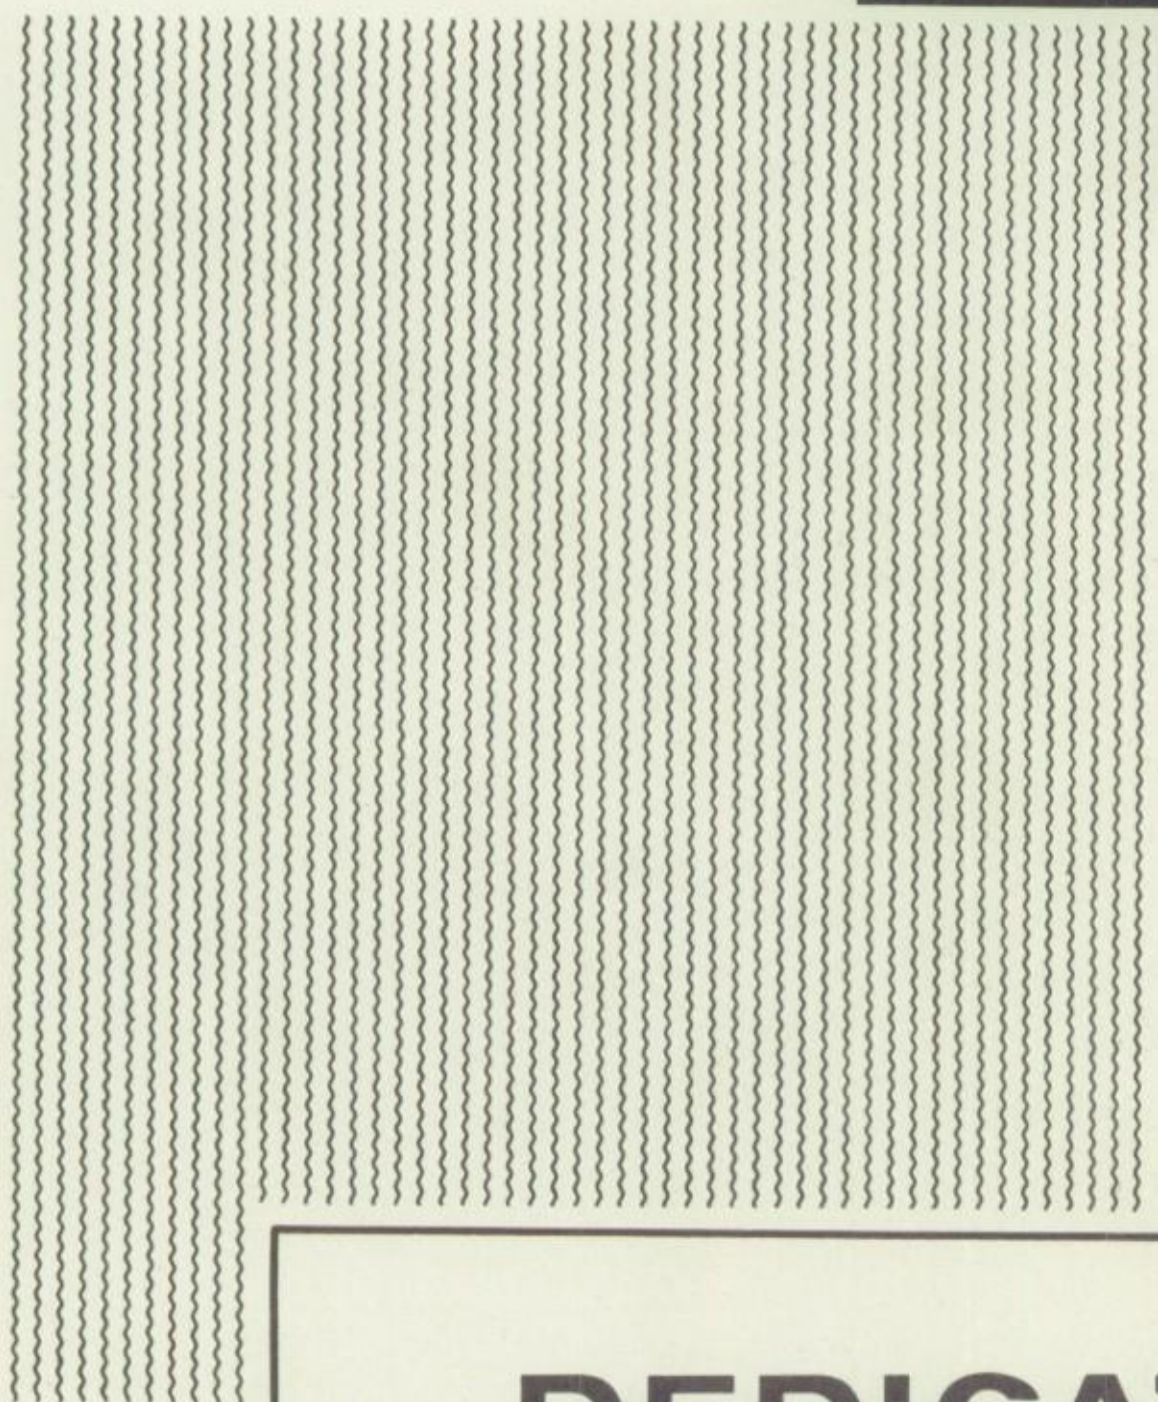

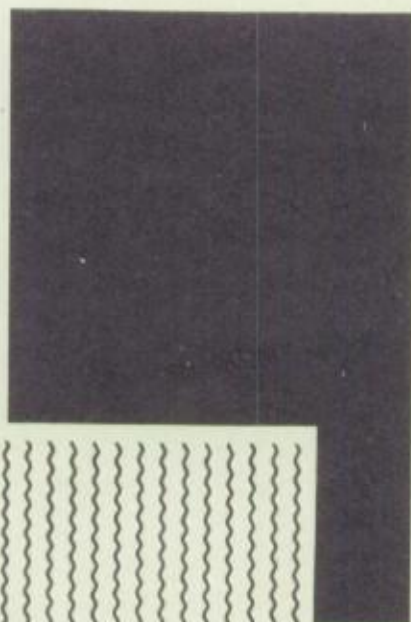

On old Wheeling, fair old Wheeling,  
Alma Mater dear,  
Our's are hearts that fondly love thee,  
Here's a toast of cheer.

### CHORUS

Proud art thou in classic beauty,  
Of thy noble past,  
With thy watchwords, honor, duty,  
Long thy fame shall last.

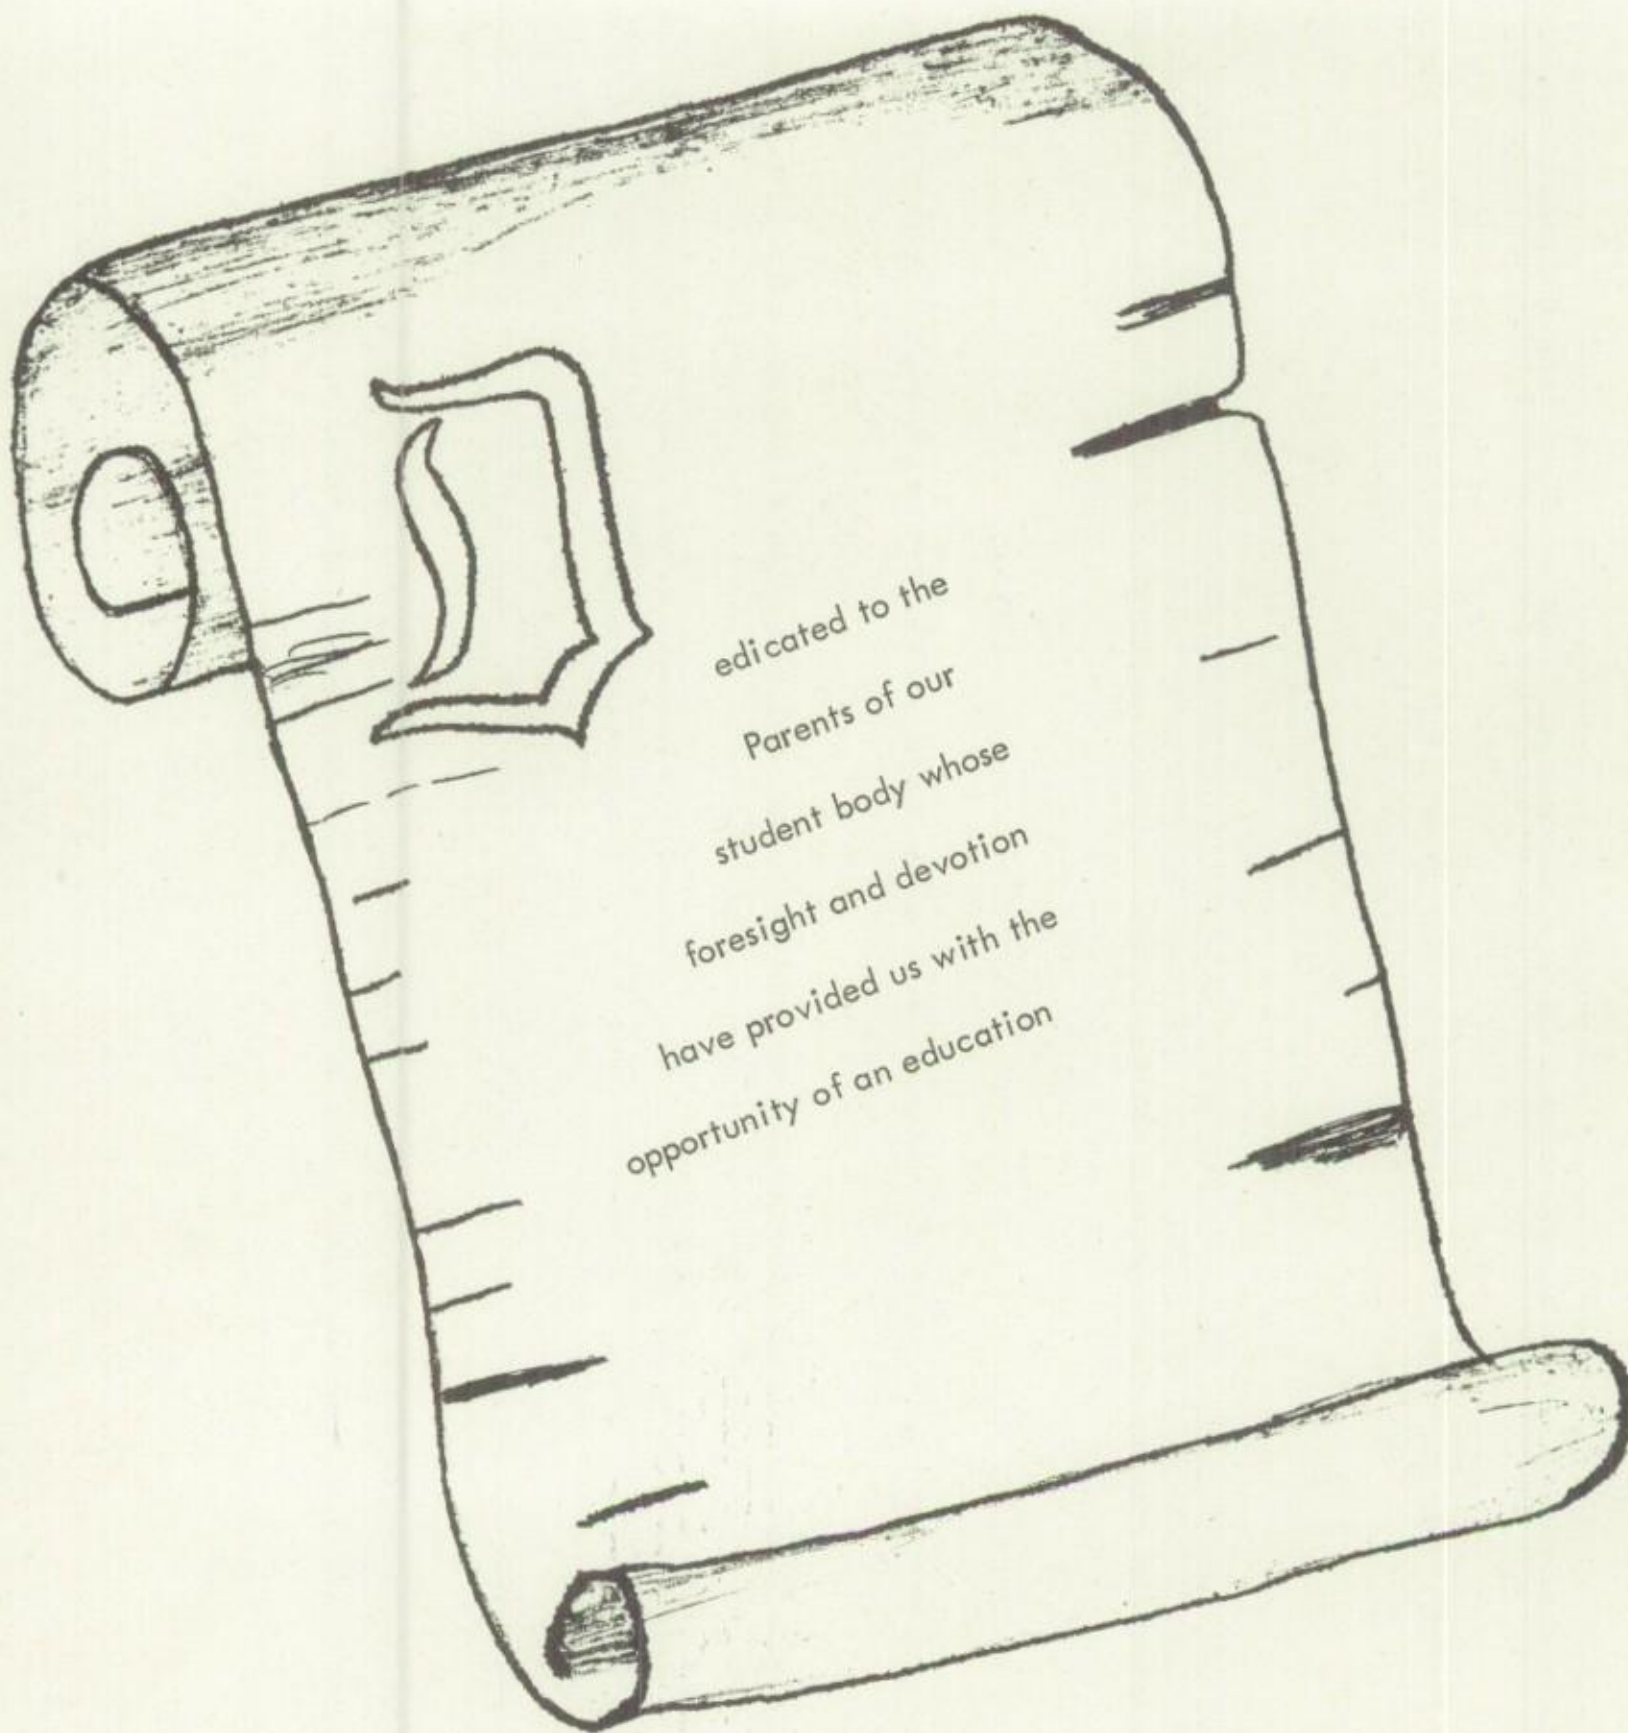

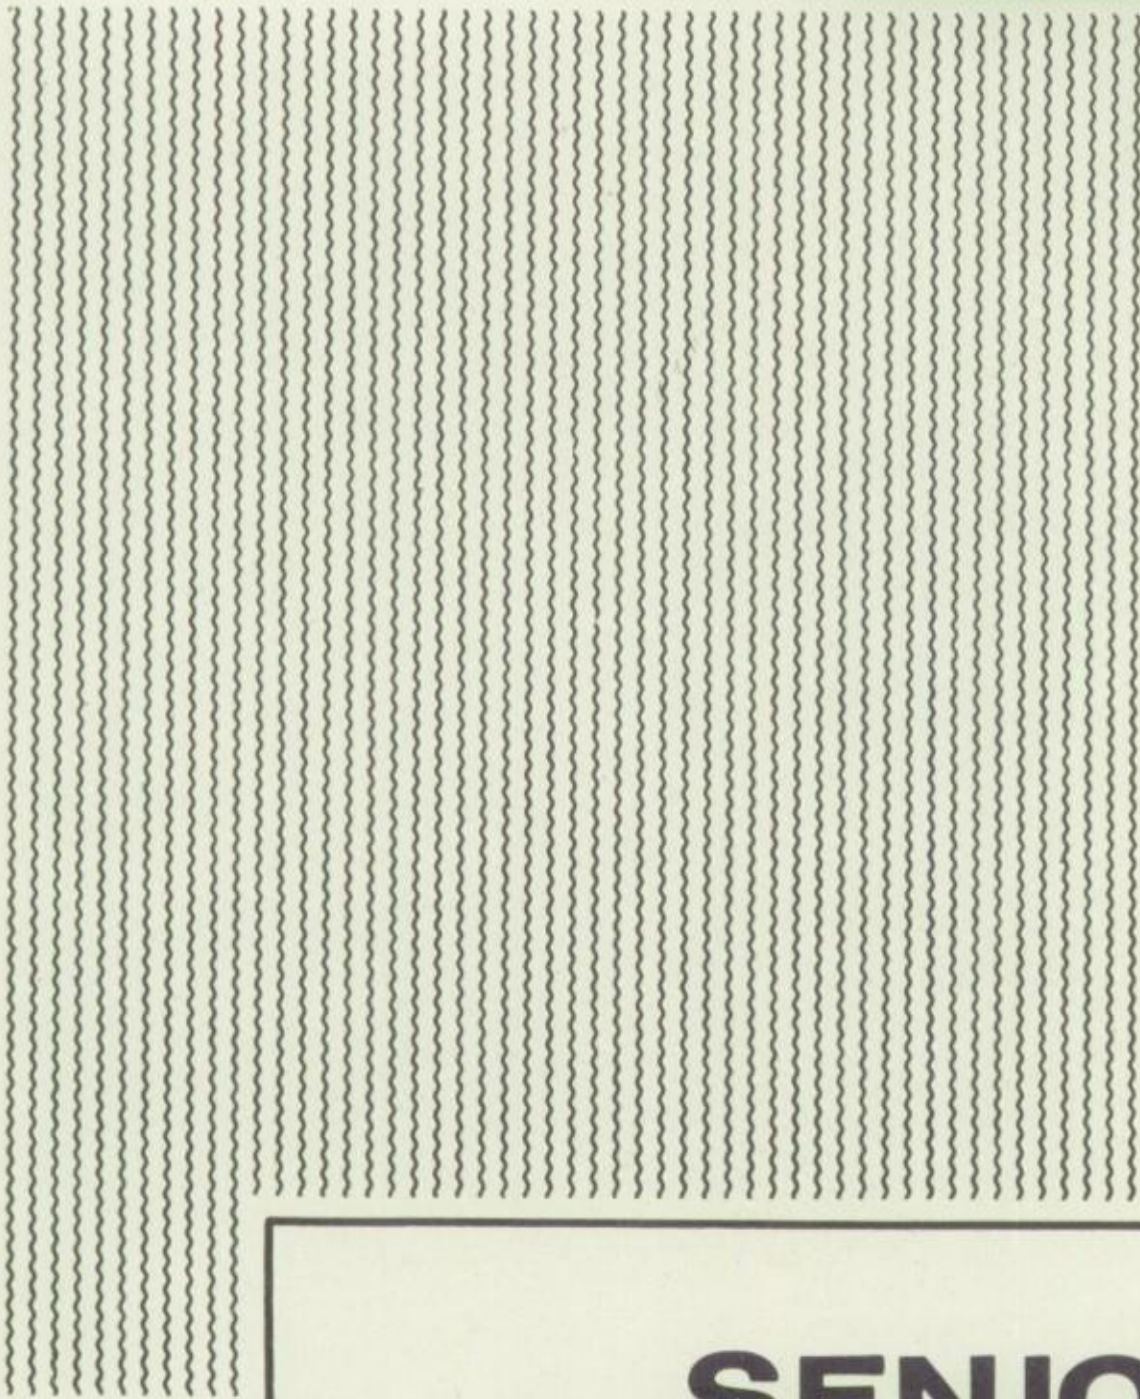

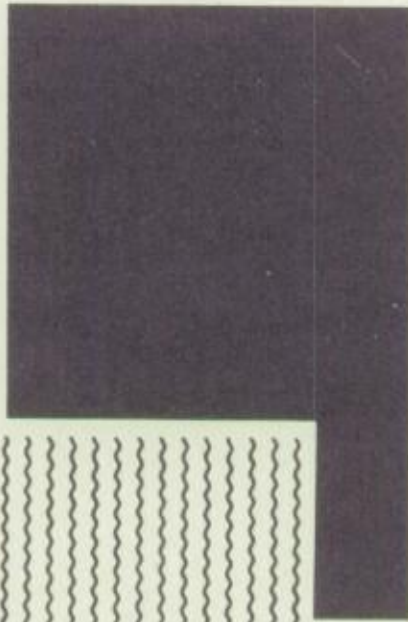

**DEDICATION**

educated to the  
Parents of our  
student body whose  
foresight and devotion  
have provided us with the  
opportunity of an education

## Call Of The Wild?

MOST HONORABLE SENIORS, JEALOUS JUNIORS? SALTY SOPHOMORES, LOWLY FRESHMEN, AND INTELLIGENT TEACHERS, better known as the "FAULTY FACULTY".

We are gathered here today on a memorable occasion to set forth in World History the experiences of this HORRIBLE day.

Most Honorable Seniors, we hope it was worth your four years of hard work and sweat to see us suffer through this day.

We wish to thank the Senior Class for contributing the designs which we are modeling today. We've only one complaint, "that crazy burlap itches".

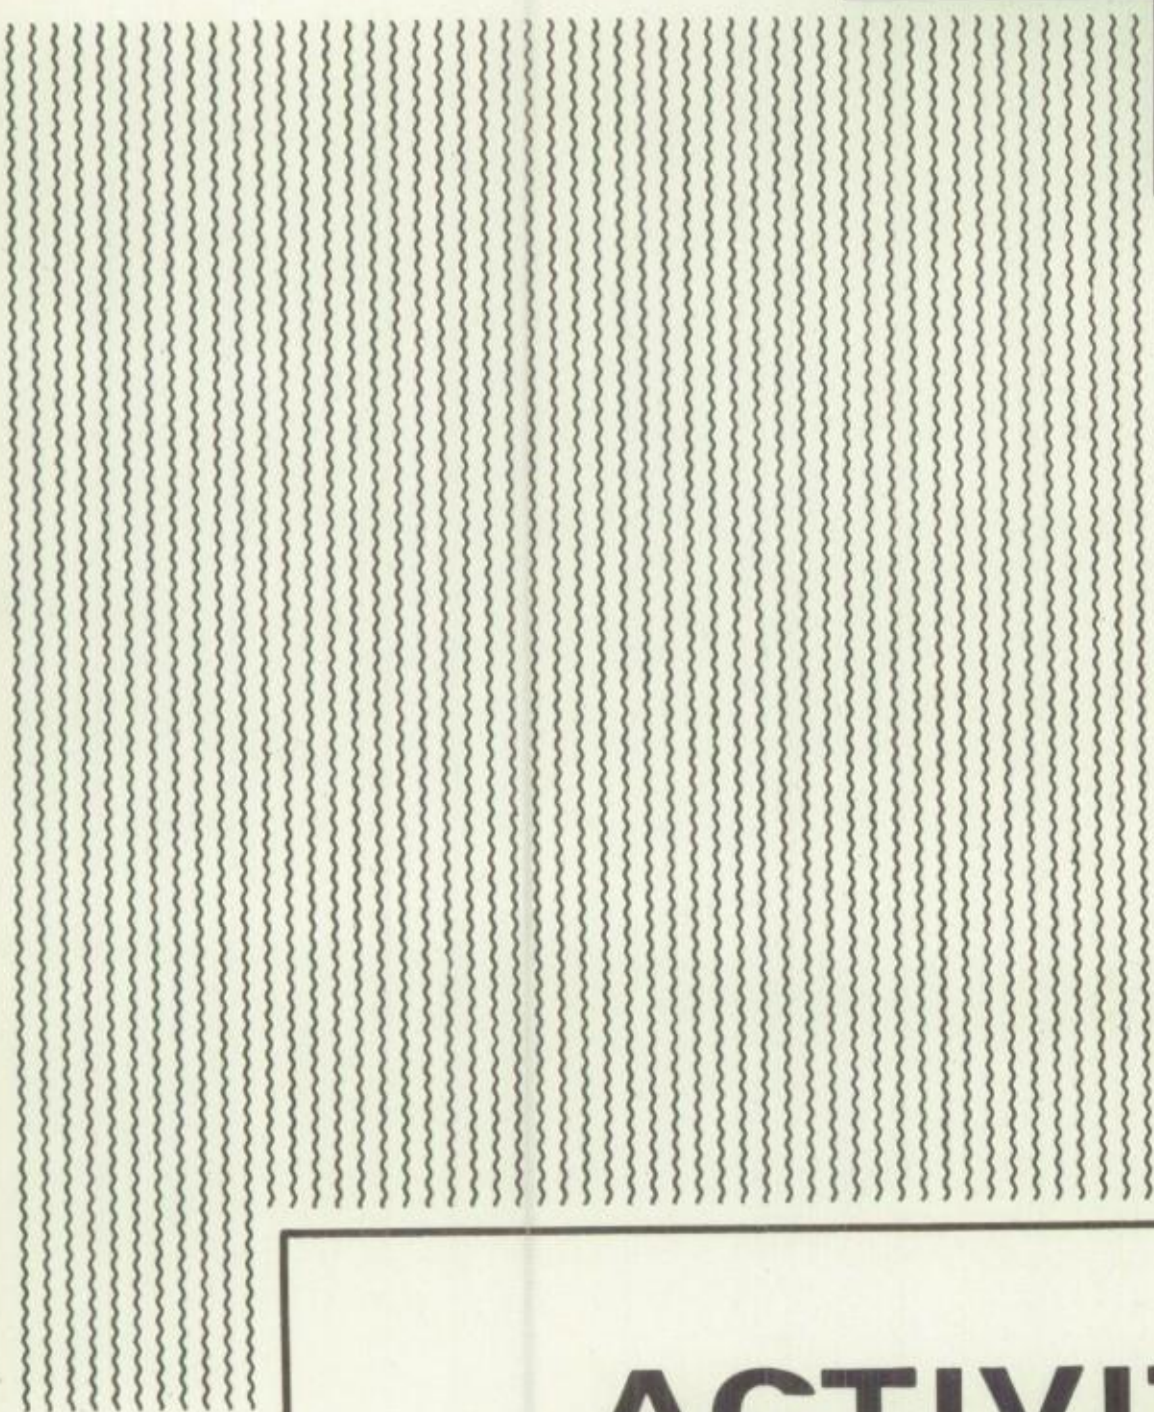

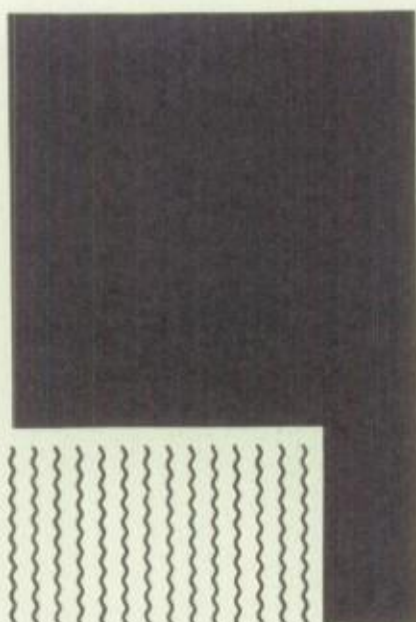

Since we are so fond of the Senior Class, we have chosen these pet names:

- Ralphie Cannonball
- Hot Rod Heaton
- Judas Cowbarn
- Sharon McGil-A-Gutty
- Little Devil

Well, we Freshmen have run out of nice things to say about the Seniors, so our speech must come to a close.

THIS HAS BEEN A PAID POLITICAL ANNOUNCEMENT.

## Athletic Banquet

An athletic banquet was held for the Wheeling High School students on April 7, 1962. The banquet was planned and prepared by the mothers and the faculty. Table decorations kept with the athletic theme. Placecards and nut cups were miniature backboards and goals. There were also miniature basketballs on chains and program books as keepsakes to remind us of our basketball games of 1961-1962. The decorations on the speaker's table were centered around the girls' basketball trophy.

The toastmaster was Mr. Calvin Deck and guest speaker was Mr. Finley Fiske, Scout Executive from St. Joseph. Mr. Singley presented awards to all participating students. On behalf of the students, Judi Coburn also presented Mr. Singley a plaque in appreciation of his athletic coaching.

### Junior High Girls' Basketball

Sandra DeVaul, Diane Bryan, Elaine Littrell, Sandra Booth, Frances Lewis, Linda Warren, Coach Riley Singley, Carolyn Hapes, Mary Arterburn, Trudy Timmons, Margaret Jordon, Paula Isaacs.

## The Junior-Senior Play

The royalty play MOUNTAIN GAL was presented on the evening of April 27, to a small but appreciative audience. The play itself was full of hillbilly mountain humor. It, however, was more than just another rural comedy as it was interwoven with a moving, human story of characters that will be easily remembered by all of those who saw the play. Linda DeVaul as a Ma Kettle type played her part to the hilt. Her husband, Riley Singley, III, did a fine job as her ne'er-do-well husband. Their daughter, Sharon McCollum, as Catalpa, was the victim of her own inheritance. Pearl Utley, a homeless orphan, added pathos to the plot--which was her search for her real parents--who turned out to be Mr. and Mrs. John Gordon, stranded tourists. The Gordons were ably played by Lora Isaacs and Ralph Canning respectively. For the real "corny" character John Heaton played Oby, the hired man, who was in love with Sophronia an equally flaky character. Sophronia was well delivered by Judi Coburn. To unravel the problems created by the plot, two lawyers, portrayed by Glen Allen and Larry DeWitt, successfully rounded out an excellent cast.

The play included all members of both the Junior and Senior Classes--some of whom had never been on the stage before. All things considered, it was one of the better recent plays at W.H.S.

## Senior Class Will

Be it remembered, that we, the Senior Class of Wheeling High School in the State of Missouri, being of sound mind and memory, but knowing the uncertainties of life, do make this, our last will and testament, hereby revoking all former wills by us at any time here-to-fore made. After the payment of our debts and funeral charges, we bequeath and devise as follows:

I, John Heaton, will my whiskers and long hair to Raymond Posch, my ability to dance to Bobby Brenneman, my ability to sing at any time to Gordon Seuell, my ability to hot-rod to John Seuell, any my typing ability to Lora Isaacs.

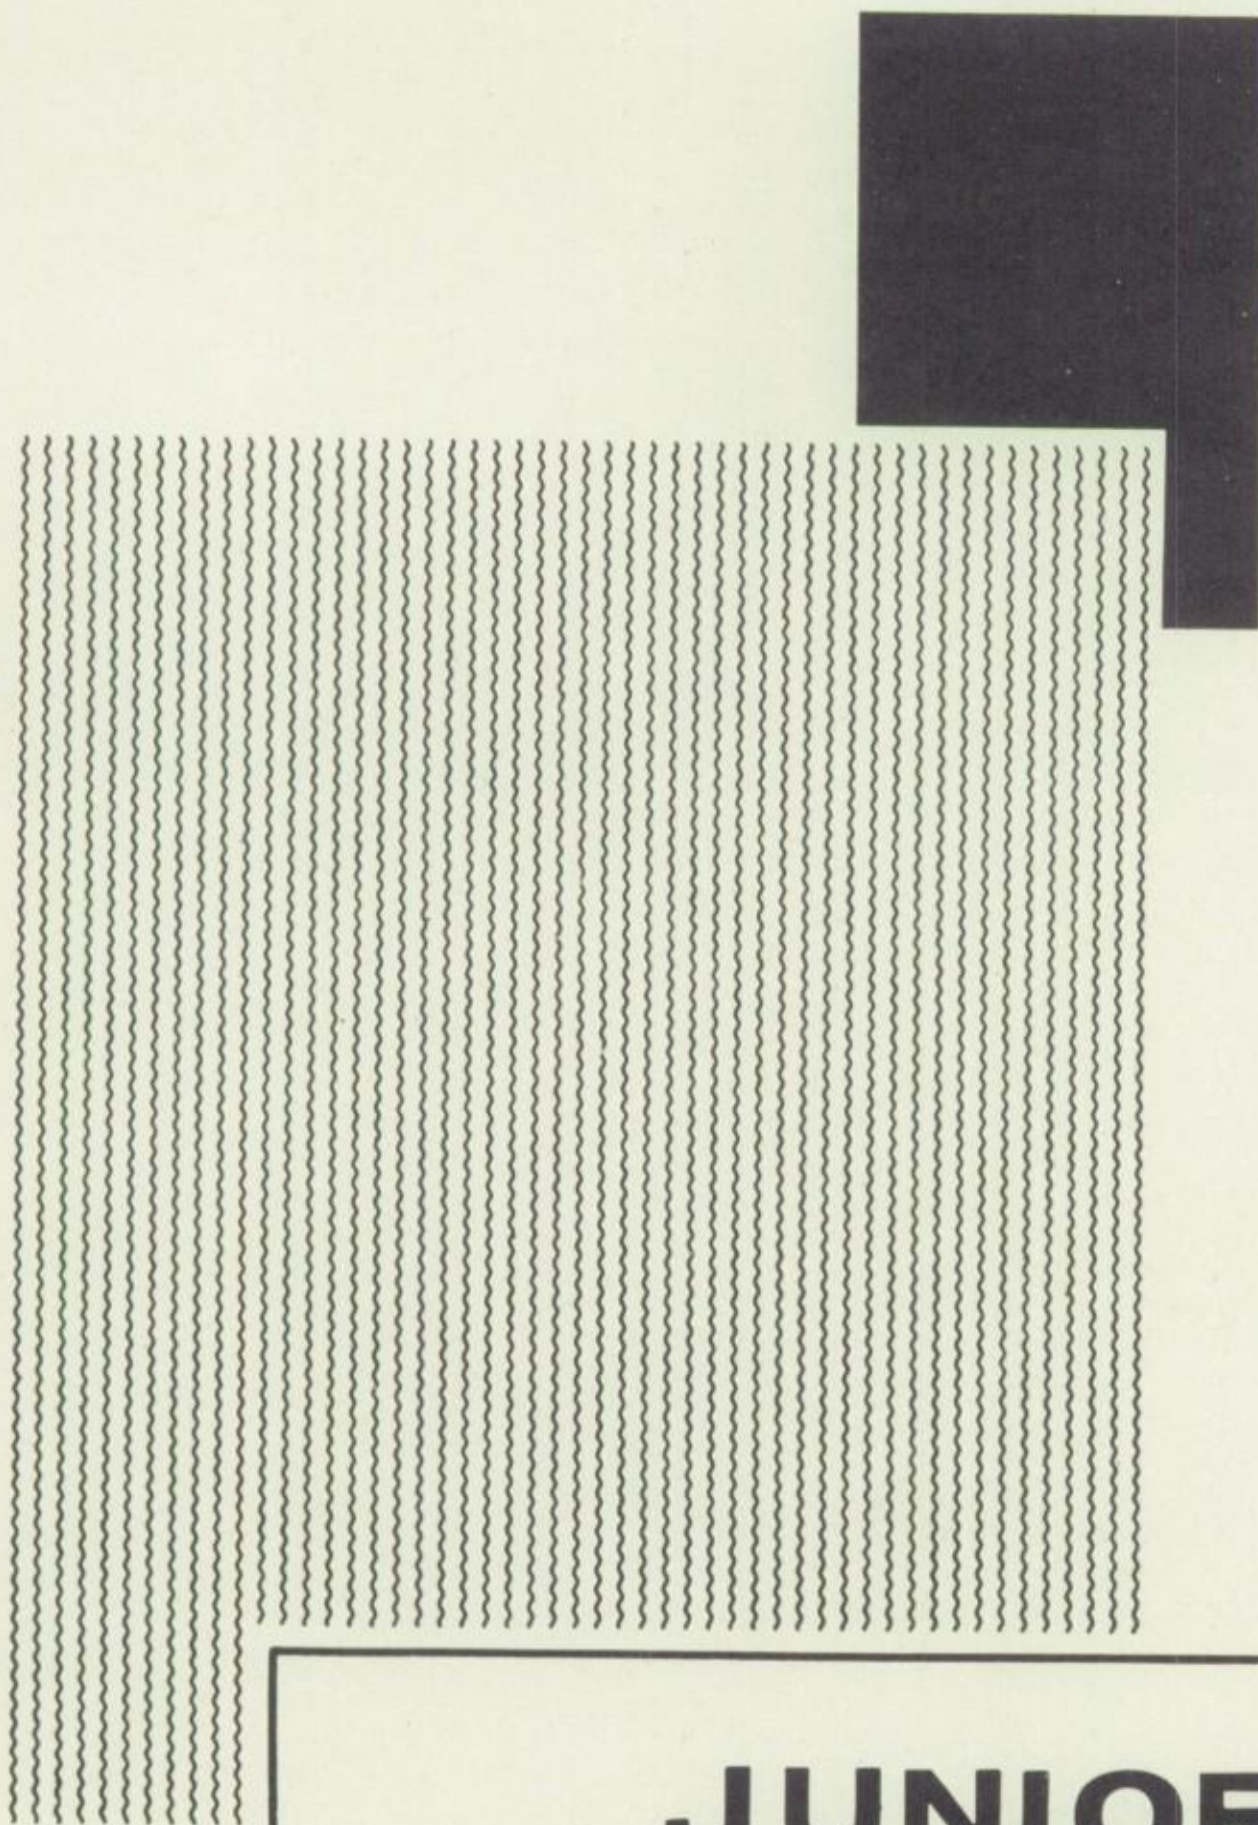

I, Ralph Canning, will my ability to argue to Larry Dewitt, my ability to sleep in class to Riley Singley, III, (mustn't break the tradition, huh Riley,) and my basketball ability to brother Marvin, and my ability to play ping-pong to Lloyd Drake.

I, Sharon McCollum, will my ability to type to Joan Arterburn, my ability to drive to Lora Isaacs, my basketball suit to Paula Isaacs, my ability to play ping-pong to Sue Condon, and my ability to keep late hours to Linda Waite, and any other abilities I shall keep . . . . .

I, Judi Coburn, will my ability to cook to Joyce Stevenson, (good luck, Joyce), my ability to play basketball to Carolyn Nibarger, my ability to make love in class plays to Shirley Hapes, and anything else I have I shall keep myself, especially my ability to flirt with boys.

I, Linda DeVaul, will my ability to make passes and get by with it to Rosemary Kinsella (hope you do as well as I did!), and my ability to play volley-ball to Pearl Utley. I'll keep Bob for myself. I have several other abilities, but since everyone is unaware to them I'll end it here.

## Prophecy

The following Senior Class Prophecy was read during the annual Junior-Senior Banquet. The highlight of the evening was the interruptions of Spacegrams arriving from earth while we were enjoying our "Flight to the Moon." Here is a news report on our Seniors in the year 2000.

John Heaton and Ralph Canning are famous Space Pilots. John flies the Mercury-Luna Run. He is married to a Lunatic, (a Girl from Luna, you know). They live in a very lovely blown glass luna-nest in Limburger City and they have three little Lunatics.

John Heaton and Karol own and operate a Supermat on Jupiter. Their tiny food pellets each furnish a full meal and come in 79 different flavors and 9 colors.

Linda DeVaul is a member of the Solar Bureau of Investigation stationed on Ganymede. She is credited with having destroyed more humanoids and deros than any other woman in the S.B.I. She says that the secret of her success is that she is allergic to spies and sneezes violently when near one.

Judi Coburn is designing and manufacturing robots for domestic service and office work. Her maids and secretaries come in four styles, blondes, brunettes, red heads, and the unattractive type for the husbands of jealous wives. Heading her parts and service department are J.R. Kinsella and Larry Arthaud.

Sharon McCollum known for many years as the Beau Brummel of the Space Lanes is married to a red-headed Venusian who used to be Tarzan in an atmospheric Ballet. She first saw him one day off Venus, swan diving through the Clouds. She fell madly in love with him. They have four beautiful children whom they tie to trees by their kite tails. They are always floating off somewhere.

Ralph Canning has made his second billion by manufacturing a simple little invention of his own. He builds ears that rule out everything unpleasant.

SPACEGRAM \* \* \* \* \* SPACEGRAM \* \* \* \* \* SPACEGRAM

We have notice from the employment office that Linda DeVaul has secured a position in Howard's Dress Shop. Guess she's given up being a housewife for a while since Bob is away.

Guess What? Another telegram. We hear Judi Coburn is thinking of enrolling for extra Math and Science courses at W.H.S. this Fall. Could it be for Judi's further education or because of the new science teacher?

Ralph Canning is now attending College at Warrensburg. Ralph, What is your real purpose of attending college? Girls or More Girls?????

We have notice from the pilot of our Space ship that his co-pilot, Mrs. Betty Barrows, that during flight her brakes failed and she couldn't stop at the gas station. She's out of orbit and the juniors can't locate her.

Coach Singley---Are you a licensed bird watcher or does it take a license to watch what you were watching? Did you bring your binoculars tonight?

We have a special announcement to make! There will be no school tomorrow at W.H.S. Mrs. Dunnington mixed the wrong solutions and blew the roof off the school building.

A spacegram from Trooper DeFreece that John Heaton was picked-up for holding up traffic. He was going ten miles an hour in a 100 mile zone. (Must be the result of one arm driving.)

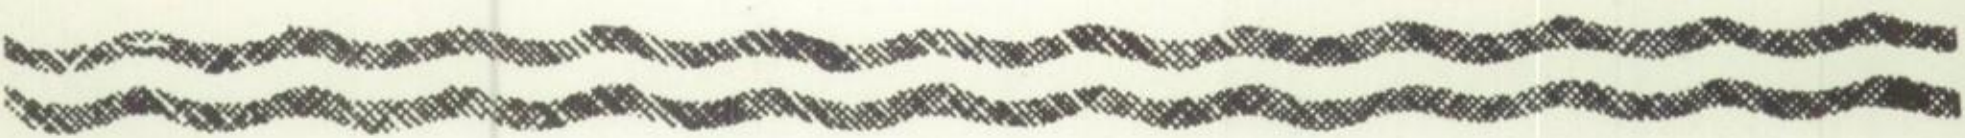

Mr. Gilstrap, superintendent, spent one whole day without going into the kitchen for chocolate milk or coffee. (Must have had both legs broken!)

Foxes, mice, and skunks have taken over the DECK ESTATE. Be sure you stay close to an open door when you and your dog plan to exterminate the skunks, Mr. Deck.

Sharon McCollum of McCollum's Beauty Shop heard five complaints from five women. Sharon gave them a permanent and their hair fell out.

From Earthside's Ozarks Glen Allen made another attempt to get into some Kansas Girl's cabin. Did the night watchman help you this time, too?????
